2010 Issues Management Topics

From Velvet Fackeldey, Issues Management Chair

The 2010-11 Issues Management topics are listed below. Keep these in mind as you plan your meetings for the coming year.

1. Believe in the power of women to achieve economic equity for all persons
2. Believe in the power of women to have a political impact on the future
3. Believe in the power of women to end domestic violence

Believe in the Power of Women

Ellen Hill 2010-2011 MBW President

Whew, this past year was busy. We have accomplished so much – a name change, new logo, and new programs.

But even though we have made the necessary changes for progress, we remember that we are still that great organization started in Missouri 89 years ago by so many powerful women; women with a mission, women with a dream. They believed in themselves and each other. They worked to accomplish their goals to better the lives of working women.

And today, we continue the work of these powerful women. We are striving to reach new heights, to have equal pay and equal rights, to have better health-care for women, to educate and eliminate domestic violence, and to provide scholarships for higher education.

The special programs of Business Women of Missouri continue to empower many individuals, as well. They encourage people to dream, set goals, educate, and achieve their ambitions. There are many who have grown because of our programs and this organization. They have become leaders in their communities, in their

professional careers, and in their private lives. They inspire us to Believe in the Power of Women.

Business Women of Missouri 2010-11

As part of my logo this year, I have chosen the dreamcatcher. The dreamcatcher is considered by some as a symbol of unity among the various Indian Nations. It is believed that only good dreams would be allowed to filter through a dreamcatcher . . . Bad dreams would stay in the net, disappearing with the

light of day. I felt this was a fitting symbol of our transformation. We are able to filter our programs and goals and build on those that work for our group, to continue the mission of Business Women of Missouri.

We can use this concept in our personal lives, as well. Sometimes our dreams get lost in the responsibilities of daily life. Many of us lose sight of what we had once wanted to accomplish, tucking those aspirations away while we make sure the mortgage is met and food is on the table. Sometimes we need a reminder of those “goals”, a symbol like a dreamcatcher can help us get back on track.

I also know a lot of people use affirmations to change their lives and keep them on track. I would like to share one with you that I received from a good friend.

Affirmation: I dream magnificent dreams, and have courage to take action to embody those visions into reality. I am worthy of making my dreams come true. I am powerful!

I challenge you to Be a Dreamer this year and believe in the power within yourselves.

I believe in Business Women of Missouri and more importantly, I BELIEVE IN YOU.

Individual Growth Committee

Peggy T. Cochran, Chair

First of all, I would like to thank President Ellen Hill for the opportunity to continue to serve the Business Women of Missouri. Secondly, I want to thank Linda Breckle who handed over to me a committee that has functioned so well and done so much planning.

I am excited that I can be an integral part of the planning for the new Individual Growth modules, and our committee will welcome your input as we progress throughout the year.

The following modules are nearing completion:

- 1) Conflict Resolution for Groups;
- 2) Conflict Resolution for Individuals;
- 3) Business Correspondence – Interviews and Securing the Job
- 4) Netiquette for emails, the web, Twitter, Facebook, etc.; and
- 5) Parliamentary Procedure.

We are still working on the

- 1) Disc Personality Traits – Styles – Types of Communicators – interacting with different styles, etc (may be a couple of modules);
- 2) Diversity Training;
- 3) Presentation Skills and Public Speaking;
- 4) Social Networking, and
- 5) Mentoring.

Our goal is that when we finish, we will have a package of modules to present to the Business Women of Missouri for copyrighting and ownership. We also have a goal of having shorter and easier modules that can be adapted for women in shelters and high school/college students.

Once again, thanks for the opportunity to serve and let the Individual Growth Committee be like the Dream Catcher – gathering in your good ideas.

Membership Motivation

submitted by Kaci Moran-Pose, Membership chair

We have Spirit, Yes we do!
We have Spirit, HOW ABOUT YOU!

A perfect way to start a new year of Business Women of Missouri, last year (2009-2010) BWM gained 118 new members. I would like to set our goal to double our numbers. Can we do it? YES WE CAN! We have a revamped organization with new programs to help achieve our goals. Last year's chair, Nancy Grey started BWM with good membership goals; let's keep them going.

Networking! Get on your Chamber of Commerce website. Have a business showcase each meeting. Encourage a "Bring a friend night", issue a friendly competition within your LC about bringing in new members. Make membership fun! Get all of your members involved, even if it is just them doing something small? Never take "I'm just too busy" for an answer. WE want our members to feel wanted and important, because they are important. Important to BWM, important to our goals, and most importantly, an important part of a great sisterhood.

Meetings! Make your meetings worthwhile. Everyone likes to come to a meeting and have fun, but also to accomplish things. Although it is easy to get side tracked with local gossip, you could offend other members, and in some cases, lose them as part of our organization. Have an agenda, a schedule, and stay on track for that meeting's goals.

Leadership! Leadership Conference is coming up August 6 & 7. I challenge each and ever member attending to bring a friend. Whether it is a "potential" member or a new member who has never attended leadership, we invite them all. For each new friend that you bring, your name will be in a drawing for a prize. Be a mentor

to all new and prospects members. Show them that our BWM meetings are not just about business, but business with spunk. Each and every member can learn, get involved, and enjoy!

Carpool! If you get a response "I don't have the funds to go" Get together as an LC, have fundraisers to help pay fees. Carpool as a group, share a hotel room with other members. There are many ways to tackle money worries.

Finally, I would like everyone to please double check your president's package. Email me at moran_pose@sbcglobal.net with any changes or updates with member information. I will work with Jo to make sure all information is corrected.

Without you there would be no BWM. Thank you for being part of Business Women of Missouri and making BWM possible.

A Note From Nancy Grey Membership Chair 2009-10

I would like to thank everyone for all their hard work to make 2009-2010 a successful year for membership growth. Pat yourselves on the back for recruiting 118 new members during our new year as BWM!

Pam Adams, Legislative Chair 2009-2010

It was a nice change to hand out the Awards at the Banquet on Saturday Evening. Giving these Local Ladies some added recognition. We had low participation in the Legislative Award qualifiers for we were so busy with our changes happening on the State Level. The upcoming year we will promote this award before the March 1, deadline.

Our winners this year are listed above. I appreciate both of these Local Clubs for promoting items of interest on the National and Local Level to their members.
